

Your Union

HSUWA is a specialised union of health workers in Western Australia

Our members work in hospitals and health services, aged care, disability services, imaging, pathology, private practices and allied health

We are a growing union, organising and campaigning for better pay, conditions and careers for our members

We are a leading progressive voice in health policy in Western Australia

We are part of the national health services union, representing more than 100,000 health workers in Australia
