

## Vision:

A trusted and influential union of Western Australian health workers, collectively achieving stronger, fairer work conditions and a better health system.

## Purpose:

To empower our members to advance their collective interests through organising, support, advocacy and influence.

## Values:

### CARE

**Caring is central to our identity.**

We advocate for improvements to our health system, to make it more sustainable and keep it universal and safe.

### EMPOWERMENT

**We empower workers to be union.**

We support members to gain knowledge, speak up, campaign and take action.

### EXCELLENCE

**We seek to excel in our performance.**

We are progressive in our approach to change and focus on education and innovation.

### INTEGRITY

**We act with integrity and are accountable for our performance.**

We strive to ensure our members are treated fairly and their working lives get better.

### UNITY

**We are stronger when we are united.**

We are a powerful force when we work together and our diversity makes us stronger.
