Dear Premier McGowan,

I'm a proud member of my union.

I dedicate my work to providing quality services and support to our communities.

When you won the election in 2017, you asked us to support urgent budget repair, and accept a wage increase of \$1000 per year.

Now, we are asking you to support us.

We are asking you to support the WA public sector that keeps this State running.

Use your budget announcement on September 9th to announce your government will drop the \$1000 per year wage cap and bargain in good faith with us.
